**Consent Form For The 'Mother Tree Project'**

By signing this agreement, I am giving my consent to allow the Wendell Tree Board to include my specimen tree in the Wendell Tree Board's 'Mother Tree Project' that honors specimen trees in our community.

The 'Mother Tree Project' is a public art project created by Tree Board member and artist Marriott Sheldon that maps and honors specimen trees in our town or community.

In celebration of 35 consecutive years of Wendell's Tree City USA designation, The 'Mother Tree Project' will mark specimen trees by wrapping cording around the tree trunk. The project kicks off on Wendell's Arbor Day celebration and ceremony, Saturday March 17, 2018 and running approximately two weeks.

Thank you for supporting the Town of Wendell as we honor our specimen trees!
